Making Legislative Contact

Restore Funding to Substance Abuse Treatment and Prevention

What are the proposed cuts in the Governor's Recommended Budget?

- Nearly 85% cuts to alcohol and drug residential treatment.
- Nearly 75% cuts to alcohol and drug outpatient treatment.

A Few Reminders:

- Legislators and Policy Makers Don't Respond Well to Hysteria and Doomsday Talk
- In all of your communication, whether in an email, letter, or phone call, to elected officials, their staff, or other policy makers, communicate in a clear, calm manner.
- Raising your voice, using an angry tone, and blaming the Legislature will not succeed. The most persuasive argument will be one that is delivered clearly and decisively.
- Speak from your Heart and your own Personal Experience
- Tell your own story and experience. While the talking points below are important to express, explain how the proposed cuts will impact you, your clients, or your employer.
- Legislators and their Staff can be your Heroes – Cuts have not been made yet
- These proposed cuts are very serious and potentially harmful but they are only proposed. You can change the course of these proposed cuts but only if you are a credible, calm advocate for alcohol & drug treatment and prevention.
- Thus far this Legislative session, the Legislature has avoided any cuts to alcohol and drug treatment. Please thank them for their actions thus far. But they need to continue their support for Alcohol and Drug Treatment for 2009-2011.

Up in Smoke

Alternative Sanction

A Cognitive Education course, including microscopy and brain imaging education on the scientifically defensible health effects of marijuana

Do you have challenging marijuana primary clients?

Up In Smoke is a four hour educational intervention for marijuana primary clients. Up In Smoke is NOT a treatment program. It is an adjunctive 4 hour intervention that can be used with your treatment clients.

Up In Smoke is used by DUII treatment programs, EAP's, probation/parole officers, drug courts, judges, attorneys, county evaluators, the Oregon Board of Pharmacy, and the OHSU Transplant Unit.

Currently, the Up In Smoke 4-hour intensive educational intervention course is offered in Roseburg, Portland, Hillsboro and Clackamas.

Portland & Hillsboro: Eric Martin

Clackamas: James Gossett

Roseburg: Mark MacDonald

Upcoming Workshops

Clinical Supervision I: Building CD Counselor Skills

April 30 – May 1st – Seaside, OR

Clinical Supervision II: Managing Difficult Supervisory Situations

March 19-20th, Seattle, WA

Developing Effective Treatment Plans

March 18th – Seattle, WA

April 29th – Seaside, OR

Introduction to Using Motivational Incentives

March 20th - Bend, OR

Understanding & Engaging Clients with Addiction and Mental Health Issues

April 30th – Grants Pass, OR

LGBT

April 22nd – Vancouver, WA

Workshop Descriptions:

Clinical Supervision I: Building CD Counselor Skills - Increases your skill in assessing clinical skills of counselors in addiction treatment settings, providing performance feedback, and building learning plans to assure continued counselor growth and development. (14 CEUs)

Clinical Supervision II: Managing Difficult Supervisory Situations – Assumes prior participation in CS I. Provides practice in addressing job performance problems, managing frequently encountered ethical dilemmas, and tips for implementing observation-based supervision. (14 CEUs)

Developing Effective Treatment Plans – Learn to develop individualized treatment plans that are specific, realistic, time-limited, measurable and attainable. Practice oriented workshop based on the NIDA/ATTC curriculum, "Treatment Planning MATRS". (7 CEUs)

Introduction to Using Motivational Incentives – 3-hour workshop describes effectiveness of the fishbowl method and other incentive strategies that improve client retention in treatment. Based on the NIDA-SAMHSA product, "Promoting Awareness of Motivational Incentives (PAMI). (3 CEUs)

Understanding & Engaging Clients with Addiction and Mental Health Issues – Learn a framework and practical strategies for engaging and treating individuals with co-occurring disorders. The first in a series of workshops designed to help counselors and programs find realistic solutions for a complex health care issue. (7 CEUs)

Lesbian, Gay, Bisexual, and Transgender/Transsexual Issues in Addiction Treatment - Learn fundamental issues, agency sensitivity, and practical strategies for engaging, treating, and working with LGBT clients. (7 CEUs)

Register On-Line for trainings at: <http://www.nfattregistration.org/>

PAST MONTH ILLICIT DRUG USE: TOP 10 DRUG ABUSING STATES

From the National Survey on Drug Use and Health, 2005-06 State Level Data chart prepared by Eric Martin.

Americans 12 and older	Adolescents between 12-17 years of age	Young adults age 18-24	Mature adults age 26 and older
Rhode Island 11.21%	Maine 13.48%	Vermont 31.01%	Alaska 9.92%
Alaska 11.10%	Montana 13.46%	Rhode Island 30.67%	D.C. 8.76%
D.C. 11.05%	Rhode Island 12.68%	Maine 28.92%	Montana 7.88%
Vermont 11.01%	Vermont 12.66%	New Hampshire 27.14%	Washington 7.59%
Montana 10.65%	Arkansas 12.11%	Colorado 26.47%	Rhode Island 7.47%
Washington 10.03%	New Mexico 11.66%	Connecticut 26.38%	Vermont 7.39%
Colorado 9.99%	Massachusetts 11.51%	Washington 24.31%	Nevada 7.38%
Massachusetts 9.96%	Oregon 11.26%	Montana 24.22%	Oregon 7.32%
Oregon 9.58%	Alaska 11.11%	West Virginia 23.16%	Colorado 7.32%
Nevada 9.39%	D.C. 10.92%	D.C. 22.98%	New York 6.94%
		Tennessee 22.19%	
		Oregon 22.01%	

Oregon ranks 9th in the U.S. for past month illicit drug abuse among those 12 and older.

About 1 out of 11 Oregonians 12 and older has used illegal drugs in the past 30 days.

Oregon ranks 8th in the U.S. for past month illicit drug use among adolescents 12-17.

About 1 out of 9 Oregon teens has used illegal drugs in the past 30 days.

Oregon ranks 12th in the U.S. for past month illicit drug use among young adults 18-25.

About 1 out of 5 of Oregon's young adults has used illegal drugs in the past 30 days.

Oregon ranks 8th in the U.S. for past month illicit drug use among mature adults 26 and older.

About 1 out of 13 mature Oregon adults has used illegal drugs in the past 30 days.

OREGON RANKS 9TH OVERALL FOR RECENT ILLEGAL DRUG USE AMONG THOSE 12+

Talking Points

Cuts Pose a Danger to Society, Especially Children

Cutting Substance Abuse Treatment and Prevention Funding is Anti-Family

- Families deteriorate and spousal and child abuse increases when substance abuse treatment and prevention funding decreases.
- The last time funding for Alcohol and Drug treatment and prevention was cut in 2003 the number of children in foster care rose dramatically.
- The average monthly cost of a child in foster care is \$1,974 per month. The average child spends 15.1 months in care. So, the average cost of care per child in foster care is \$29,807.40.

Crime

- There is a strong correlation between the increase in crime and decrease in funding for alcohol and drug treatment in Oregon.
- Of the 52,337 adult alcohol and drug treatment episodes in Oregon last year
- 37,118 arrested not receiving treatment
- Only 2,580 arrested while receiving treatment

Cuts are Fiscally Irresponsible; Penny Wise, Pound Foolish

\$5.93 billion every year in avoidable costs

- \$813 million in healthcare costs related to alcohol and drug abuse programs.
- \$4.15 billion in lost earnings as a result of foregone productivity by users who die prematurely, are sick, fail to come to work, or are incarcerated as a result of alcohol and drug abuse
- \$967 million in other costs such as violent, property, and consumption-related crimes; expenditures on alcohol and drug enforcement laws, criminal justice, and social welfare programs.

Oregon's Unemployment Rises Significantly

- 56% employment rate: Substance abusers who did not complete treatment
- 77.8% employment rate: Substance abusers who did complete treatment

Every dollar spent saves five

- Every tax dollar spent on treatment in Oregon produces \$5.60 in avoided costs to the taxpayer.

Course Descriptions

Addiction Pharmacology 18 hours

A three day course that meets prerequisite requirements for CADC & CPS. This course includes: the basics of human physiology, rules of pharmacology and the drugs of abuse categories. Excellent course for pre-test brush-up. Presented by: Johnson, M.A., CPS & Martin, M.A.C., CADC III, CPS

Infectious Disease Risk Assessment Risk Reduction 6 hours

A one day course that meets prerequisite requirements for certification. Covers: HIV, Hep-C update and counselor issues in RA:RR interviewing. RA:RR tool and skill training. Presented by: Johnson, M.A. & Cady, CSAT HIV Trainers.

Professional Ethics for Chemical Dependency Counselors 12 hours

This two day workshop meets the prerequisite requirements for certification. This course explores Professional Role, values, especially values based on cultural differences, Dual Relationships, NAADAC Ethical Principles, , Ethical Decision-making, etc. Presented by Johnson, M.A.,

Group Counseling Skills 18 hours

This three day interactive course meets the prerequisite requirements for certification. This course will give participants an understanding of basic group dynamics, leadership styles, stages of development, and how to use facilitation skills. Through the use of experiential exercises, lectures, written materials, this training will assist in gaining and practicing effective techniques, including science-based best practices such as Stages of Change. Presented by Johnson

Basic Counseling Skills 18 hours

This three day course meets the prerequisite requirements for certification. Through lecture, skill demonstration and practice, participants will have the opportunity to understand counseling in its most basic parts and practice the skills contained therein. All skills will be drawn from evidence-based practices. Participants will create video and review a video tape counseling interaction. Presented by Wheeler, CADC II.

Continuing Education Workshops

Gangs: Risk Assessment and Intervention 6 hours

Explore types of gangs, learn to assess for risk of gang involvement, identify stages of involvement and proven intervention strategies for both Hispanic and African-American clients. Taught by; Ashley Brown, CADC I, GIS, QMHA, and Perrell Brown, CADC I, GIS

Transforming Grief 6 hours

The losses clients experience are immense. Helping them work through grief holds the potential for healing and wholeness. Learn strategies to help your clients discover the vital information their grief has to offer and how to use it in their recovery. Taught by Marilyn Cady.

Resolving Client Shame 6 hours

This workshop will focus on a model for understanding and exploring shame issues, and the impact of those issues on recovery and relapse. We will apply evidence-based counseling practices that support the client's resolution of their shame issues. Led by Sarah Wheeler, CADC II

Public Spirituality 6 hours

This workshop will introduce a framework for addressing a person's spiritual life, using a common language that honors one's unique spiritual identity. Participants will become familiar with the workbook, *7 Steps to Finding your Spiritual Life* which features a strength-based, spiritually-grounded approach to recovery. Taught by book's author, Lisa Langford

Theories of Addiction Treatment and Counseling (pre-test brush-up) 12 hours

This two day course covers 54 theories, including research-based principles of effective drug treatment along with traditional counseling theory. This course is designed as a refresher for the theories section of the National Certification Examinations. Includes test taking strategies. For counselors with less test experience Presented by Eric Martin, M.A.C, CADC III, CPS.

The Teaching Side of Treatment 12 hours

Developing good teaching materials with or without fancy technology. Participants will learn the principles of learning and teaching and how to apply them to special needs of addicts in treatment. Leave with the beginnings of a usable teaching product. Participants will need to bring their own laptop computer and materials for developing a teaching module. Presented by Johnson, M.A.

Treating Marijuana Dependence 6 hours

This one day course covers NIDA best practices with marijuana dependent clients, educating clients around the scientifically-defensible research on the health consequences of marijuana use. The increasing potency of marijuana and neuropharmacology of THC. Review of Marijuana Treatment research and the CYT EBP. Presented by Eric Martin, M.A.C, CADC III, CPS.

Client Counselor Boundary Issues: Resolving Transference and Countertransference 12 hours

This two day course will enhance skills in recognizing and resolving transference and countertransference with addiction treatment clients, enhance awareness of counselor vulnerability for boundary problems, and will assist in developing a plan to avoid boundary violations. Presented by Johnson, MA

Co-Occurring Disorders : Screening and Assessment 12 hours

This workshop will review the principles of COD-substance abuse and mental health disorders, and criminality, in light of substance-induced brain injury. Participants will practice using validated screening and assessment instruments using TIP 42 (provided). Taught by Kathleen Tomlin, LPC, CADC III, & Nikki Johnson, MA

Evidence Based Practice Workshops

Advanced Group Skills: Motivational Interviewing 18 hours

This three day workshop follows the Group Skills training. Participants will advance their skills in group facilitation, with practice and feedback. Special emphasis will focus on utilizing M.I. in group process. Will include trainer's new book. Presented by one of Oregon's premier MI trainers, Kathyleen Tomlin, M.A., LPC, CADC III.

Addiction and Personality Disorders 6 hours

This workshop will explore the world view and interpersonal style of clients with Cluster B personality disorders, examine the impact of drug use on the expression of pathology, explore strategies for engagement and retention, and learn to appreciate the "pathology" of early abstinence. This workshop also contains an overview of psychiatric EBP's with Personality Disorders and overview of the limited research on Co-occurring Disorder EBP's, including Dialectical Behavior Therapy. Taught by Nikki Johnson, MA

MI: Theory and Practice 12 hours

This workshop will ground participants in the theory and skill of this evidence based practice. Participants will practice the skills and strategies of MI. Presented by MI author Kathyleen Tomlin, CADC III, LPC

Curriculum-based Motivational Group 6 hours

This workshop will provide you with everything you need to facilitate a five contact motivational group. Every activity is designed to further client motivation. A manual with rationale, structure and reproducible handouts is provided. Taught by Ann Fields, M.Ed., CADC III

Managing Client Records with ASAM 12 hours

ASAM Made Easy has been morphed into a two day workshop. The most common finding State Auditors have with client records is treatment plans. Adding this to ASAM should be a great help to people struggling with paperwork. Taught by Kathy Tomlin, MS, CADC III, LPC

New Workshops

Treating Codependency 6 hours

Counselors will learn to help clients recognize codependent behavior as an ineffective attempt to get needs met. Participants will learn a structured process to teach clients how to assess themselves and how to support clients in the process of improving functional capacity. Led by Sarah Wheeler, CADC II

Dialectical Behavioral Therapy 12 hours

This workshop emphasizes developing an understanding of DBT and the foundation for developing the skill set necessary to use DBT effectively with a wide variety of clients. DBT helps empower clients to improve emotional containment and develop skills to improve functioning. Participants will gain experience by practicing specific DBT techniques. Taught by Cathy Moonshine, Ph.D. CADCIII

Principles of Understanding Addictions and the Family 12 hrs

Designed to provide an overview of the theories, addictive processes, roles and relational problems that emerge in treatment of families with addiction. Will provide foundation for a future series of one day workshops that will explore special topics on Families and Addiction. Taught by Kelly Washam, MA, CADC I

Clinical Supervision 18 hrs

Designed to enhance skills for new and experienced clinical supervisors in addiction treatment. Will focus on the specific supervisor roles of assessing and coaching counselors in the skills, knowledge and attitudes (KSAs) necessary for counselor professional development. Taught by Maureen Jenne, MS, CADC III and Janese Olalde, CADC II, CGAC II
