## COMPASS

Charting a new course . . .

Looking for an Electronic Health Record (EHR)? The Addictions and Mental Health Division is offering a FREE EHR to publicly funded Behavioral Health Providers. For more information on the OWITS EHR, read the AMH article in this newsletter and visit:

[www.oregon.gov/OHA/amh/owits/main.shtml](http://www.oregon.gov/OHA/amh/owits/main.shtml)

Questions: Contact Greta Coe  
at (503) 945-6187 or [greta.l.coe@state.or.us](mailto:greta.l.coe@state.or.us)

## What are CCO's?

A Coordinated Care Organization (CCO) is a network of all types of health care providers who have agreed to work together in their local communities for people who receive health care coverage under the Oregon Health Plan (Medicaid).

Under CCOs, the OHP benefits will not change. But today the system separates physical, behavioral and other types of care. That makes things more difficult for patients and providers and more expensive for the state.

CCOs will have the flexibility to support new models of care that are patient-centered and team-focused, and reduce health disparities. CCOs will be able to better coordinate services and also focus on prevention, chronic illness management and person-centered care. They will have flexibility within their budget to provide services alongside today's OHP medical benefits with the goal of meeting the Triple Aim of better health, better care and lower costs for the population they serve.

CCOs will be local. They will have one budget that grows at a fixed rate for mental, physical and ultimately dental care. CCOs will be accountable for health outcomes of the population they serve. They will be governed by a partnership among health care providers, community members, and stakeholders in the health systems that have financial responsibility and risk.

Charting a new course . . .

## CPMS Soon to be Replaced...

*... now that I have your attention*

The Addictions and Mental Health (AMH) Division's COMPASS project is currently in the process of implementing a new comprehensive behavioral health electronic data system that interfaces with other health information systems in an effort to improve care, control cost and share information. The COMPASS project and the new system will allow AMH to meet business needs and requirements and will provide a data system that more readily supports the ability to know:

- Performance outcomes associated with services;
- Who accesses services, what services are provided, where and when; and
- The cost effectiveness of services.

As Federal health care reform will require many of our providers to have electronic health records (EHR) for billing of Medicaid and Medicare services, and because AMH systems are outdated and there is a lack integration among internal systems, the timing is right and the timing is now.

The COMPASS projects numerous components and brief descriptions are listed below. In future ACCBO Newsletter articles, we will talk more in depth regarding each component.

- **Electronic Health Records (EHR):** Available FREE to publicly funded Behavioral Health providers. When fully implementing the EHR, a provider will no longer have to report CPMS data. Timeline: Currently Implementing.
- **Electronic Data Interchange/Transfer:** Providers that already

have an EHR can export data to the state, thus reducing duplicate data entry and meet their CPMS requirements. Timeline: Beginning of Winter 2013.

- **Minimum Data Entry:** Smaller providers that do not have the capacity to implement and manage an EHR can use a secure "Web E-form" to enter the required data. Timeline: Beginning of Winter 2013.
- **AMH Contracts and Payments System:** The new processes will streamline contracts and billing by moving to a web-based electronic process. Timeline: Piloting in Fall 2012, complete by July 2013.
- **Data Repository:** A warehouse where all data received is stored and will allow AMH and its partners to monitor and evaluate the services it funds and develop reports. Timeline: Beginning of Winter 2013

Our estimated timeline to begin the phase out of CPMS is winter 2013. Some providers may transition away from CPMS quicker than others, but as the COMPASS Project components continue to move forward at a reasonably quick rate, the project team will depend on your assistance and collaboration to make this project a success.

**AMH Offers EHR to Providers**  
Now that we have introduced you to the COMPASS Project and its components, we would like to focus the remainder of this article specifically on the EHR component. AMH's EHR is available to publicly funded Behavioral Health Providers. The EHR, known nationally as WITS (Web Infrastruc-

ture for Treatment Services), is a web based, open source, software system originally developed and sponsored by a SAMHSA's Center for Substance Abuse Treatment (CSAT). AMH refers to the EHR system as OWITS (Oregon Web Infrastructure for Treatment Services).

This system facilitates cooperation and collaboration across treatment providers by enabling the sharing of client treatment information (within the constraints of HIPAA and 42CFR regulations).

Project staff continues to expand and modify the OWITS EHR system to specifically meet Oregon's needs. We currently have eleven pilot providers implementing the OWITS EHR. Our next wave of 12-15 providers will begin the EHR implementation process in April 2012, with additional waves of providers every 3 months.

There is no cost to use the OWITS EHR other than your staff time for training, agency set up and business transition. For more information on the requirements of using the OWITS EHR, frequently asked questions, fact sheets, to register to attend a webinar that will provide you with an overview of the EHR, and application process to get started with implementation we encourage you to visit our web page at <http://www.oregon.gov/OHA/amh/OWITS/main.shtml>.

For questions, contact Greta Coe, COMPASS Business Analyst at (503) 945-6187 or [greta.l.coe@state.or.us](mailto:greta.l.coe@state.or.us).

# Spanish for the Mental Health Professional

Friday-Saturday June 15-16; 22-23; and 29-30.

## **NEW PROBLEM GAMBLING PREVENTION ONLINE TRAINING- NOW AVAILABLE**

The Addictions and Mental Health Division, Oregon Problem Gambling Services has created their first online training; "Problem Gambling Prevention 101".

This e-learning course consists of two parts.

- An overview of problem gambling- what it is, how common is it, who's at risk of developing a gambling problem and why, and what help is available?
- An overview of problem gambling prevention - looking at why it's important, what target populations one might focus on, and resources.

By the end of this course you will have a better understanding of what problem gambling is and what you can do to help prevent it.

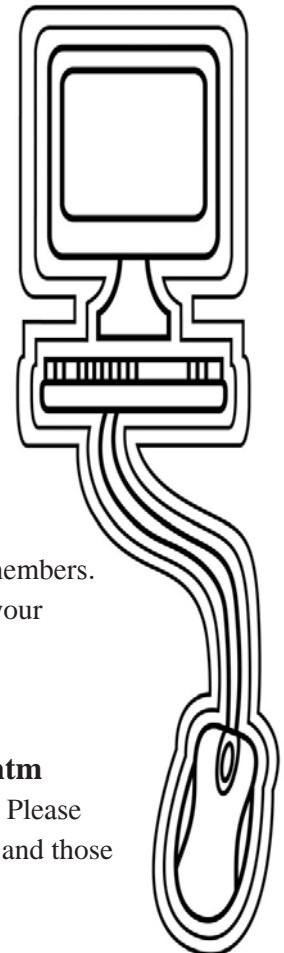

This course is designed as a basic overview for professionals, as well as community members. The training is approximately one hour in length and includes opportunities to check your learning. Continuing education units (CEUs) are available.

A link to the training can be found at:

**<http://www.dhs.state.or.us/video/amh/problem-gambling-prevention-101.htm>**

or on the on the PGS web page at <http://www.oregon.gov/OHA/amh/gambling.shtml>. Please share this information with your co-workers, community members, professional staff, and those in the allied health fields.

If you have questions, contact Wendy Hausotter at [wendy.hausotter@state.or.us](mailto:wendy.hausotter@state.or.us).

## Home Study Courses with Expert Dr. Katie Evans

Home study courses are approved by: NAADAC # 405, NASW # 886558730-9415, ACCBO, ILLINOIS, NEW YORK, CALIFORNIA, IOWA, WASHINGTON, NORTH CAROLINA, many other states, all levels of Certification. Study with International Expert in Dual Diagnosis & Trauma. For more information visit: [www.drkatieevans.com](http://www.drkatieevans.com). Email Katie at [drkatieevans@yahoo.com](mailto:drkatieevans@yahoo.com) or your state board about eligibility.

1. **Dual Diagnosis: Counseling the Mentally Ill Substance Abuser 30 CEU's \$150**  
This course includes trainer's textbook: Dual Diagnosis: Counseling the Mentally Ill Substance Abuser and true/ false posttest.

Alcoholism and Drug Abuse Counselors

# Course Descriptions

## Core Certification Workshops

### Addiction Pharmacology 18 hours

A three day course that meets prerequisite requirements for CADC & CPS. This course includes the basics of human physiology, rules of pharmacology, and the drugs of abuse categories. Excellent course for pre-test brush-up. Presented by Johnson, M.A., CADC III & Martin, M.A.C., CADC III.

### Infectious Disease Risk Assessment/Risk Reduction 6 hours

A one day course that meets prerequisite requirements for certification. Covers: HIV, Hep-C update and counselor issues in RA:RR interviewing. RA:RR tool and skill training. Presented by Johnson, M.A. & Cady, CSAT HIV Trainers.

### Professional Ethics for Chemical Dependency Counselors 12 hours

This workshop meets the prerequisite for certification. Explores professional roles and values, dual relationships, Ethical Principles, Ethical Decision- making and more. Presented by Johnson, M.A. CADC III.

### Group Counseling Skills 18 hours

This three-day course meets the prerequisite requirements for certification. This course will give participants an understanding of basic group dynamics, stages of development, and how to use facilitation skills. Through the use of group practice and feedback, lectures and written materials, this training will assist in developing effective techniques, including EBTs such as Stages of Change. By Johnson, MA. CADC III.

### Basic Counseling Skills 18 hours

This three-day course meets the prerequisite requirements for certification. Through lecture, skill demonstration and practice, participants will have the opportunity to understand counseling in its most basic parts and practice the skills contained therein. All skills will be drawn from evidence-based practices. Participants will create and review a video tape counseling interaction. Presented by Wheeler, CADC II.

## Continuing Education Workshops

### Clinical Supervision 28 hours

Designed to enhance skills for new and experienced clinical supervisors in addiction treatment. Uses the model and materials from NFATTC EBT for clinical supervision. Materials provided by NFATTC. Taught by Maureen Jenne, MS, CADC III.

### MI: Theory and Practice 12 hours

This workshop will ground participants in the theory and skill of this evidence based practice. Participants will practice the skills and strategies of MI. Presented by MI author Kathyleen Tomlin, CADC III, LPC.

### Theories of Addiction Treatment and Counseling 12 hours

This two day course covers 54 traditional counseling theories, and principles of effective drug treatment. This course is designed as a refresher for the theories section of the National Certification Examinations. Includes test taking strategies. For counselors with less test taking experience. Presented by Eric Martin, M.A.C, CADC III, CPS.

### The Teaching Side of Treatment 12 hours

Develop good teaching materials with or without fancy technology. Participants will learn the principles of learning and teaching, and how to apply them to special needs of addicts in treatment. Leave with a stronger foundation of a usable teaching product. Participants will need to bring their own laptop computer and materials for developing a teaching module. Presented by Johnson, M.A.CADC III.

### Principles of Understanding Addictions and the Family 12 hours

Designed to provide an overview of the theories, addictive processes, roles and relational problems that emerge in treatment of families with addiction. Will be set up for special topics workshops: adolescents, relationships and addiction. Taught by Kelly Washam, MA, CADC II.

### Managing Client Records with ASAM 12 hours

ASAM Made Easy has been morphed into a two-day workshop. The most common finding State Auditors have with client records is treatment plans. Adding this to ASAM should be a great help to people struggling with this paperwork. Taught by Kathy Tomlin, MS, CADC III, LPC.

### Dialectical Behavioral Therapy 12 hours

This workshop emphasizes developing an understanding of DBT and the foundation for developing the skill set necessary to use DBT effectively with a wide variety of clients. DBT helps empower clients to improve emotional containment and develop skills to improve function. Participants will gain experience by practicing specific DBT techniques. Taught by Cathy Moonshine, Ph.D. CADC III.

### Client Counselor Boundary Issues: Resolving Transference and Countertransference 12 hours

This two-day course will enhance skills in recognizing and resolving transference and countertransference with addiction treatment clients, enhance awareness of counselor vulnerability for boundary problems, and will assist in developing a plan to avoid and/or resolve boundary violations. Presented by Johnson, MA, CADC III

### Co-Occurring Disorders: Screening and Assessment 12 hours

This workshop will review the principles of COD-substance abuse and mental health disorders and criminality, in light of substance-induced brain injury. Participants will practice using validated screening and assessment instruments using TIP 42. Taught by Washam, MA, CADC II

### Sexual Addiction 6 hours

Will explore the nature, cycle and recovery from sexual addiction. Learn practical tools for assessment and treatment planning, and address the needs of families affected by sexual addiction. Led by Steven Delugach, LPC, 25 yrs in treatment field. Chairs ITAP, Advisory Board for International Institute for Trauma and Addictions Professionals.

### Domestic Violence and Addiction 6 hours

Workshop will review signs and symptoms of domestic violence in the addicted population, increase understanding of the cycle of violence, effective interventions, and resources. Taught by Kelly Washam, MA, CADCII and Kathleen McGraw, M.Div.

### Treating Codependency 6 hours

Counselors will learn to help clients recognize codependent behavior as an ineffective attempt to get needs met. Participants will learn a structured process to teach clients how to assess themselves and how to support clients in the process of improving functional capacity. Led by Sarah Wheeler, CADC II.

### Treating the African American Client 6 hours

This overdue workshop helps counselors develop ability and commitment to assertively address issues of race in treatment. The African American experience, roles of race in relationships and counselor awareness are covered. Taught by Harry Watson, BA, CADC II.

### Addiction and Personality Disorders 6 hours

This workshop will explore clients with Cluster B personality disorders, examine the interaction with drug use, and explore strategies for engagement and retention. This workshop reviews psychiatric EBP's with Personality Disorders and overview of the limited research on Co-occurring Disorder EBP's, including Dialectical Behavior Therapy. Taught by Nikki Johnson, MA, CADC III.

### Gangs: Risk Assessment and Intervention 6 hours

Explore types of gangs, learn to assess for risk of gang involvement, identify stages of involvement and proven intervention strategies for both Hispanic and African-American clients. Taught by Ashley Brown, CADC I, GIS, QMHA, and Perrell Brown, CADC I, GIS.

### Transforming Grief 6 hours

The losses clients experience are immense. Helping them work through grief holds the potential for healing and wholeness. Learn strategies to help your clients discover the vital information their grief has to offer and how to use it in the recovery process. Taught by Marilyn Cady.

### Resolving Client Shame 6 hours

This workshop will focus on a model for understanding and exploring shame issues, and the impact of those issues on recovery and relapse. We will apply evidence-based counseling practices that support the client's resolution of their shame issues. Led by Sarah Wheeler, CADC II.

### Treating Marijuana Dependence 6 hours

This one day course covers NIDA best practices with marijuana dependent clients, educating clients around the scientifically-defensible research on the health consequences of marijuana use. The increasing potency of marijuana and neuropharmacology of THC. Review of Marijuana Treatment research and the CYT EBP. Presented by Eric Martin, M.A.C, CADC III.

### Criminality and Addiction 6 hours

Explore the relationship between addiction and criminal behavior, and EBTs, including MRT, for working with Criminal Addicts. Taught by Kelly Washam, MA, CADCII .

## New Workshops

### Trauma and Substance Abuse Disorders 6 hours

Explores Physical and psychological effects of trauma on people and its relationship to substance abuse, EBP for treating addicted Trauma survivors. Taught by Kelly Washam, MA, CADC II.

### Co-Occurring: Psychotic, Mood and Anxiety Disorders - One Day Each

Explore symptoms, similarities with drug effects, EBP. Kelly Washam, MA, CADC II.

### Homelessness and Addiction 6 hours

Explores causes, EBP for engaging chronic Homeless people who often have multiple problems, plan to end homelessness. Presented by Michele Mannix, CADC II.
